

Automatic Continuity Of Linear Operators

by Allan M Sinclair

Results on automatic continuity of linear operators defined on Banach algebras comprise a fruitful area of research intensively developed during the last sixty . results on automatic continuity of linear maps in this con- text. . are the continuous linear operators $L_a, R_a : A \rightarrow A$ which are defined in the obvious way. The Automatic Continuity of Linear Operators on Some Semi-Prime . ALGEBRAS AND JB - Department of Mathematics Sinclair, A. M., Automatic Continuity of Linear Operators, Cambridge 1. Introduction. Results on automatic continuity of linear operators defined on Banach algebras comprise a fruitful area of research intensively developed during. Functional Analysis: Surveys and Recent Results III: Surveys and . - Google Books Result Finally, in Section 4 we present some applications to automatic continuity theory . continuous linear operators on a complex Banach space X . Given an operator. Automatic Continuity of Linear Operators - Cambridge University Press Conditions are given for Banach algebras A and Banach algebras B which insure that every homomorphism T from A into B is automatic continuous. Similar Algebraic spectral subspaces and automatic continuity - DML-CZ

Cambridge University Press. 1976. 93 S. Automatic Continuity in Associative and Nonassociative Context continuous linear operators on the Banach spaces X and Y , respectively, and if $Q: X \rightarrow Y$ is . Here we shall give two automatic continuity results on intertwiners. Automatic Continuity of Linear Operators Some of the results on automatic continuity of intertwining operators and homomorphisms that were obtained between 1960 and 1973 are collected here. Automatic continuity of intertwining linear operators on Banach . Less is known about automatic continuity of polynomial operators. The Open Mapping Theorem for k -linear operators is not true. $w \cdot x = w \cdot x$. 12 , even in the Automatic continuity of linear operators - ResearchGate Automatic Continuity of Linear Operators (London Mathematical . are probably continuous. 1. INTRODUCTION. A classical topic in the automatic continuity problem of linear operators is the problem of the automatic continuity of Mousavi , Sady : Characterization and automatic continuity of . In this note, we present a general automatic continuity theory for linear mappings between certain topological vector spaces. The theory applies, in particular, DECOMPOSABLE OPERATORS AND AUTOMATIC CONTINUITY Some of the results on automatic continuity of intertwining operators and homomorphisms that were obtained between 1960 and 1973 are here collected .
